NEW PRODUCT RELEASE BULLETIN

The Calzone/Anvil Case Co. is pleased to announce the addition of a new fully mobile electric lift display case to our complete line of Plasma/LCD monitor transport and display solutions. This case is the easiest way to safely transport, setup, and display your monitor. With the capability of one person setup, you save time and money.

The monitor can be attached to the lift with or without a wall-mount. The optional "Hubbell Plug" & powerstrip allows you to simply connect an extension cord to the back of the case and provide power to the lift, the monitor, and any components you plan to use, such as a laptop or DVD player. Each case is custom designed to fit your monitor and components. Call us today for a custom quote.
